Highlights

5 step adjustable grinders

Different coffee blends require different levels of granularity for the full flavor to unfold. The grind granularity of this espresso machine can be adjusted in 5 settings, from the finest grind, for a full bodied espresso, to the coarsest, for a lighter coffee.

Adjustable spout

The adjustable spout on our espresso machines will fit every cup and thus prevents the coffee splashing or cooling down while pouring in your cup. This way your espresso is always served at the right temperature while maintaining a clean machine.

Dishwasher-safe drip tray-part

You can comfortably put the drip tray and servings container in your dishwasher, giving them a perfect time-saving clean.

Fully automatic rinsing

Easy maintenance, long-lasting performance and always the best result in the cup are ensured thanks to our fully automated rinsing and de-scaling program.

Saves your coffee length

You will always get a perfect cup of espresso brewed according to your personal preference

thanks to our memo function which allows you to adjust the coffee length to suit your taste. Enjoy a superb coffee drink with just the press of a button.

Metal grinders

Our metal grinders always guarantee impeccable grinding.

Removable brewing group

The brewing group, a Saeco invention, is the heart of our espresso machines, ensuring automation. The brewing group is, depending on the model, easily accessible from the front or side. It can be removed effortlessly for easily cleaning by rinsing under the tap ensuring maximum hygiene.
